

Great Falls South Arterial Alignment Study

Comment Sheet

**Public Meeting
October 9, 2007**

1. Number the goals for a Great Falls South Arterial in the order you think they should be prioritized (1 being highest, 5 being lowest priority).

- _____ Improve an international and regional trade corridor.
- _____ Reduce congestion along 10th Avenue South and numerous other urban arterial collector streets.
- _____ Improve safety and mobility throughout the Great Falls transportation network.
- _____ Improve air quality by reducing congestion as well as stopping and idling times.
- _____ Provide additional Missouri River crossing essential for efficient emergency vehicle access.

2. Are there other issues of concern that should be considered?

3. Which alignment currently looks preferable and why?

Public Meeting October 9, 2007
